

Building and Construction Trades Council of Nassau and Suffolk Counties

James Castellane, President

Alan Ehl, Secretary Treasurer

Stephen Flanagan, Vice President

James Rogers, Recording Secretary

Trustees: Dante Dano, Frank Pellegrino, Richard O'Kane

February 2, 2010

To Whom It May Concern:

For over 25 years, the Building & Construction Trades Council of Nassau and Suffolk Counties has had an excellent working relationship with Aurora Contractors, Inc. Since the company's inception, they have maintained a stellar reputation which was built upon a foundation of integrity and honesty.

Aurora and its employees approach each project with a teamwork mentality. Everyone, from the owner to the subcontractors, is an important part of the team and is treated as such. Their communication skills and experience are without equal in the industry.

Aurora's exceptional skills were displayed most recently on The Arches at Deer Park project. Their initial involvement with the Project Labor Agreement and their relationships with all of the various union locals and officials laid the foundation for a smooth project. I do not recall anything but complete labor harmony on any of Aurora's projects.

I am confident that Aurora can handle the most complex of construction projects, as they have proven with the aforementioned Arches project and the IKEA in Brooklyn, New York. Their knowledge of the local subcontractors, tradesmen, suppliers, union officials and local politicians and municipalities is an important added bonus.

I am confident that Aurora Contractors will fulfill all of your construction objectives.

Very truly yours,

James Castellane
President
