Re: Aurora Contractors, Inc.

To Whom It May Concern:

This letter will serve to recommend Aurora Contractors to any construction project owner and or construction project manager. Aurora has always abided by the terms and conditions of its Collective Bargaining Agreement with Local 138. Aurora has always exhibited competence and integrity in its dealings with Local 138. Aurora's expertise and management skills would be a valuable asset to any construction team.

If you have any further questions, please feel free to call me.

Sincerely,

John Duffy
Vice President and Dispatcher
