

December 4th, 2020

To whom it may concern:

bld architecture, dpc has teamed with Aurora Contractors, Inc. on many different projects through-out the Tri-State region, covering many diverse sectors that include last mile logistics, production / movie studios, cold storage, etc. Aurora has been a tremendous asset to us for either design build process or design assist services. The strategic relationship that they maintain with our team is one of many reasons that bld architecture is delighted to work with Aurora on any future projects.

In the past few years, bld architecture has teamed with Aurora on four separate Design/Build project for FedEx, with a combined total square footage of approximately 1.3 million square feet. Additionally, bld is working with Aurora on a cold storage facility in the Hunts Point area of the Bronx for EDC. Our lasting and strong relationship is one that was built on respect and professionalism, which continues to carry over to our current endeavors.

bld architecture is proud to recommend Aurora Contractors, Inc as an asset to any design team, Ownership, or Developer. Success is always a top priority to this proactive, innovative Construction Manager.

Please feel free to contact me directly for any further questions.

Sincerely,

BLD ARCHITECTURE, DPC

Alexander Badalamenti, AIA
