Preconstruction Services**

Dear Frank:

Over the past couple of months we have been working with you on preconstruction services and I wanted to let you know that we truly appreciate all of your hard work and efforts. You have delivered quality in your estimates, schedules and phasing plans and have made all of the deadlines for deliverables. I can honestly say it has been a pleasure working with you and your team. I am sure you will perform the remainder of preconstruction services as well and we look forward to transitioning into the bidding and construction phases.

Once again, thank you for all of your efforts.

Sincerely,
